

CONFIDENTIAL

27 June 1951

25X1

Memorandum for: The Director
From: Legislative Counsel
Subject: Passenger motor vehicles

1. Riders are being attached to appropriation legislation for fiscal year 1952 stating that appropriated funds can be used for the replacement of passenger vehicles only on the basis of the purchase of one passenger motor vehicle to replace two.

2. CIA should be exempted from such a provision in view of the fact that our additional size will require additional automobiles, particularly at overseas installations. While this rider concerns itself not with the purchase of new automobiles but with their purchase for replacement purposes, it will serve to cut us back as we seek to replace those cars which we now have and which are beginning to wear out.

25X1

4. Attached are our overt automobile requirements for fiscal year 1952. This does not include covert purchases.
